

The screenshot shows an IDE log window with a warning message highlighted by a red rectangle. The log contains various system messages and error reports. The warning message is as follows:

```
1655 :017-11-24 18:19:17,110 [ thread 13] WARN - ect.sync.idea.ProjectSetUpTask - Failed to find target with hash string 'android-26' in: C:\Users\Rosyadi\AppData\Local\Android\Sdk
```

WARN - ect.sync.idea.ProjectSetUpTask - Failed to find target with hash string 'android-26' in:  
C:\Users\Rosyadi\AppData\Local\Android\Sdk

Peringatan, gagal mencari string 'android-26' di:  
C:\Users\Rosyadi\AppData\Local\Android\Sdk

Penyebab: file yang dibuka adalah file android studio versi 3.0 dan versi android studio yang saya jalankan android studio 2.3
